

TASTER WORKSHOPS FOR INDIVIDUALS

Transforming your Career

It is becoming increasingly important for employees to develop a career strategy in these uncertain times. The 'job for life' era is far behind us and leaving our career to chance is no longer an option. This taster workshop is for anyone who is considering their life and career options, especially in the face of redundancy or organisational restructuring.

From Employee to Entrepreneur

So you are thinking of taking the step into entrepreneurship, but not sure how to get started and what to do. This taster workshop will provide you with a step by step process of how to develop your entrepreneurial flair and launch yourself into a viable business.

Women's Personal Development Workshop

Want to identify blockers to career and life progression and capitalise on your unique skills set.

Act-u-vate has helped over 100 women to eradicate self-limiting beliefs and step out of their comfort zone. This taster workshop will take you through an engaging and inspirational journey of how to reach your full potential.
